## \$50,000 Bailey Challenge a Success!

# News Release

**Halstead, KS** – The Kansas Learning Center for Health (KLCH) is excited to announce that the \$50,000 “Bailey Challenge” has been met and exceeded for the 2016 – 2017 school year! Dr. Colin and Joan Bailey have inspired others to give to the “Bailey Challenge” this past year matching gifts dollar-for-dollar. That means gifts of \$50 were doubled to \$100! The Bailey’s were willing to match up to \$50,000 and that hefty goal has been met! That’s a \$100,000 “Gift of Health” for the children in Kansas! These donations allow KLCH to provide health education programs and activities for our Kansas children.

Without health education, Kansas’ children are at risk for many health problems that affect all body systems. Through education, these health problems can be prevented or lessened, and the quality of life greatly increased. With the elimination of funding in Kansas for health education in schools, KLCH recognizes the need to assist schools in addressing this problem by finding funding partners through generous donors like you!

Thank you for helping us meet the “Bailey Challenge” of educating kids with the tools they need to live a healthy, effective life!

Founded in 1965, the Kansas Learning Center for Health delivers its mission “To be a premier regional resource for quality health education.” More than half a million children and adults have learned from our hands-on approach to health and science education. KLCH instructors provide curriculum-enhancing information that is both educational and entertaining.

To make a donation or for more information, visit our NEW website [www.learningcenter.org](http://www.learningcenter.org) or call KLCH at 316-835-2662.
